## Introduction

Grants to Native American Tribes are authorized under Section 20109, Subtitle A of Title II of the Violent Crime Control and Law Enforcement Act of 1994, as amended, 42 U.S.C. Section 13701 et. seq. Administered by the Office of Justice Programs (OJP), Corrections Program Office (CPO), the Correctional Facilities on Tribal Lands Discretionary Grant Program provides funds to Native American tribes for the construction of correctional facilities on tribal lands for the incarceration of offenders subject to tribal jurisdiction.

## Program Purpose

Correctional Facilities on Tribal Lands Discretionary Grant funds may be used to construct correctional facilities on tribal lands for the incarceration of offenders subject to tribal jurisdiction. Grants were awarded in FY 1999 for construction of correctional facilities.

For FY 2000, grants will be awarded primarily to supplement existing projects. Approximately \$23 million will be available for grants under this solicitation.

**Correctional Facility** means a residential correctional or detention facility that houses adult or juvenile offenders accused or adjudicated of a crime.

**Construction** means the erection, acquisition, renovation, repair, remodeling, or expansion of new or existing buildings or other physical facilities, and the acquisition or installation of fixed furnishings and equipment therein. It includes facility planning, pre-architectural programming, architectural design, preservation, construction administration, construction management, or project management costs.

Grant funds **may not** be used for the purchase of land or for costs associated with the operation of the correctional facility.

## Eligibility

An eligible Native American tribe is a tribe as defined by the Indian Self Determination Act, 25 U.S. C. 450b(e). In order to meet the specific requirements of this grant program, that tribe must perform law enforcement functions as determined by the Secretary of the Interior.

If an application is submitted on behalf of a regional alliance, at least one of the tribes in the alliance must perform law enforcement functions, as defined by the Secretary of the Interior.

For FY 2000 only, tribes that receive funds from OJP/CPO for Correctional Facilities on Tribal Lands in prior years may apply for supplemental funding under this solicitation.

## Demonstrated Ability To Operate Facilities

The applicant must demonstrate its ability to fully support, operate, and maintain correctional facilities constructed with grant funds. The applicant must certify the tribe's ability to operate grant-supported facilities, in the form of an online assurance accepted by the tribal authorizing official.

## Match Requirement

A grant made under this program may not cover more than 90 percent of the total costs of the project. The application must identify the source of the 10 percent matching funds. The matching funds must be used for the same purposes as the federal grant funds, except that the value of the land for the facility may be used as match.

The matching funds may be in the form of cash or may be in-kind services which directly support the project. In-kind match is defined as "the value of something received or provided that does not have a cost associated with it." It may include the value

of donated services or real property, including land, donated for project purposes.

## Award Period and Amount

Grants awarded under this solicitation will be given an award period of 4 years to allow a tribe that receives an award sufficient time to complete the approved project. OJP/CPO expects to make awards in September 2000.

The applicant may request grant funds sufficient to complete the project for which it has received a past award. The total amount of funds available under this solicitation is \$23 million.

## Application Requirements

The applicant must submit a complete application consisting of the following:

1. **Standard Application for Federal Assistance** (SF-424). Complete online.
2. **Program Narrative.** The program narrative focuses on the facility for which the tribe is requesting supplemental funding. The original application established the need for the project and provided a general description of the proposed facility. This supplemental application should describe in more detail:
  - how the facility will be used
  - the population that will be placed in the new facility
  - the estimated length of time they will be held
  - the size and type of facility that will be built
  - how the facility will address the public safety needs of the community and service needs of the population
  - the projected cost of the facility
  - how the project will be managed
  - how the tribe plans to operate the facility

An application narrative format is provided in Appendix A to assist tribes in providing this information. It must be completed and attached to the online SF-424.

3. **General Assurances.** Complete online acceptance.
4. **Certifications Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; and Drug Free Workplace Requirements form.** Complete online acceptance.
5. **Budget Detail Worksheet.** Estimate costs to implement the proposed project. The budget should clearly describe the proposed amount and uses of grant funds (federal and match) over the grant period and the basis for the computation of all project-related costs. Additionally, the applicant should provide the amount and source of the applicant's matching funds and an explanation of the amount, source, and intended uses of any additional funds or resources above the match which will be applied to the proposed grant project. **Grant funds may be used for design and construction purposes and for project manager expenses.**
6. **Commitment to Operate.** The tribal authorizing official must accept online an assurance that it is the tribal government's intention to fully support, operate, and maintain the correctional facility constructed with grant funds.

## Application Due Date

The application for FY 2000 supplemental funds must be submitted no later than **August 1, 1999.**

Applications must be submitted using the online GMS system.

## Application Review Criteria

A panel of reviewers will review and rank the applications, using the criteria described below.

### # Target Population

Reviewers will look for a clear understanding of the role and purpose of the proposed facility, its target population, and its place in the tribe's criminal justice system. They will look for data that support the proposed size and type of facility and indicate that an appropriate population has been targeted. They will also look for demonstration of a range of criminal justice placement and program options for this population.

### # Facility Planning

Reviewers will consider the following factors in evaluating this section of the application:

- Is the proposed facility appropriate for the population as defined? "Appropriate" encompasses such considerations as overall size, configuration, security level, and potential for expansion.
- Does the proposed facility design incorporate program space for the population?
- Does the tribe intend, or has the tribe begun, to develop programming for the facility?

### # Project Implementation

Reviewers will look for a clear plan and readiness to implement the project. They will also look for evidence that the tribe will have the resources to safely and effectively operate the facility and provide needed programs and treatment to the inmate population.

Reviewers will also consider the availability of adequate financial resources to complete the project according to a realistic schedule.

### # Budget Detail

Reviewers will assess the cost of the project: whether proposed costs are reasonable and necessary, whether costs for security and type of construction are appropriate for the population to be served, and whether site selection has taken into account site preparation work, transportation and other operational cost issues. The budget should incorporate the costs of required analyses to comply with the National Environmental Policy Act (NEPA).

Priority consideration will be given to projects: (a) which can be completed with the available federal funds (prior awards plus the amount of this application) plus match, or (b) that clearly identify the source and availability of funds other than federal or match funds to complete the project.

## Technical Assistance

Grant recipients will be encouraged to access technical assistance for needs assessment, facility planning and/or project management. OJP/CPO will make a qualified consultant available to each grantee to provide advice, oversight, and review during the application preparation period, and will continue to provide assistance during the design review and construction process.

The purpose of this technical assistance is to help grantees continue the process begun during the Design, Construction, and Oversight of Correctional Facilities on Tribal Lands training. The consultant(s) will be familiar with what grantees accomplished during the training. Tribes will be encouraged to keep all members of the training team involved in the project.

The consultant will work with each grantee to define the most appropriate technical assistance activities. Consultant activities may include:

- Assistance with needs assessment;
- Review of architectural programs and other pre-design documents;
- Review of design development submissions at various stages of completion (e.g., 25 percent, 50 percent, and 75 percent);
- Assistance with construction management;
- Review of staffing plans;
- On-site project status meetings with the tribal government.

To request technical assistance or to find out more this service, contact Ayisa Crowe, CPO Technical Assistance Coordinator, at **(800) 848-6325**, extension 51874.

## **Administrative Provisions**

### **Assurances**

The application forms, found in Appendix B, include a General Assurances form that must be accepted by the tribe's authorized official as part of the online application process. It is the responsibility of the recipient of the federal funds to fully understand and comply with these requirements. Failure to comply may result in the withholding of funds, termination of the award, or other sanctions.

### **Supplanting Prohibition**

Federal funds must be used to supplement existing funds for program activities and may not replace (supplant) non-federal funds which have been appropriated for the same purpose. Potential supplanting will be the subject of monitoring and audit. Violations can result in a range of penalties, including suspension of future funds under this program, suspension or debarment from federal

grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

## **Certifications Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; and Drug-Free Workplace Requirement**

The applicant is required to complete online acceptance of the Certification Regarding Lobbying, Debarment, Suspension, and Other Responsibility Matters; and Drug Free Workplace Requirements forms.

By accepting this certification, the applicant agrees to comply with the following requirements:

**Lobbying:** The applicant and its subgrantees, contractors, and subcontractors will not use federal funds for lobbying, unless specifically authorized by federal statute, and will disclose any lobbying activities.

**Debarment:** The applicant and its principals have not been debarred or suspended from federal benefits and/or no such proceedings have been initiated against them; have not been convicted of, indicted for, or criminally or civilly charged by a government entity for fraud, violation of antitrust statutes, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property; and have not had a public transaction terminated for cause or default.

**Drug-Free Workplace:** The applicant will or will continue to provide a drug-free workplace.

Signing this form commits the applicant to compliance with the certification requirements under 28 CFR Part 69, New Restrictions on Lobbying, and 28 CFR 67, Government-Wide Debarment and Suspension (Nonprocurement) and Government-Wide Requirements for Drug Free Workplace (Grants). The certification will be treated as a material representation of the fact upon

which reliance will be placed by the U.S. Department of Justice in making awards.

## Civil Rights Compliance

All recipients of federal grant funds are required to comply with nondiscrimination requirements contained in various federal laws. In the event that a court or administrative agency makes a finding of discrimination on the grounds of race, color, religion, national origin, gender, disability, or age against a recipient of funds after a due process hearing, the recipient must agree to forward a copy of the finding to the Office of Civil Rights of the Office of Justice Programs. All applicants should consult the Assurances required with the application funds to understand the applicable legal and administrative requirements.

## National Environmental Protection Act (NEPA)

The National Environmental Protection Act (NEPA) of 1969 (*Pub. Law 90-190; 42 U.S.C. Sec. 4331 et seq*) establishes a national goal of protecting the environment. NEPA requirements apply to any federal project, decision, or action, including grants in aid, that might have a significant impact on the quality of the human environment. All renovation and construction projects initiated by States, local units of government, or Native American tribes with discretionary grant funding from the Corrections Program Office are subject to NEPA.

These projects are also subject, where applicable, to the requirements of the following environmental statutes and executive orders: Coastal Zone Management Act of 1972; Clean Air Act of 1974; Safe Drinking Water Act of 1974; Endangered Species Act of 1973; Wild and Scenic Rivers Act of 1968; National Historic Preservation Act of 1966; Executive Orders related to protection of wetlands and flood hazards in flood plains;

Farmland Protection Act; and the Relocation Assistance Requirements.

It is the policy of the Corrections Program Office to minimize harm to the environment and therefore it reserves the right to reject proposals or encourage the modification of projects which will have adverse environmental impacts. The construction phase of a grant project may not begin, and no grant funds may be obligated or expended for this purpose, until an Environmental Assessment (EA) and/or an Environmental Impact Statement (EIS) has been completed and OJP has issued a Finding of No Significant Impact (FONSI) or has approved the EIS.

If appropriately sited, construction of most small correctional facilities will not significantly impact the environment. For such projects, compliance with the NEPA requirements is generally achieved by the preparation of an EA and the issuance of a FONSI. The EA is a decision document that provides the basis for determining whether to prepare an Environmental Impact Statement or a Finding of No Significant Impact. Successful applicants will be provided with a copy of the Program Guidance for Complying with Environmental Protection Requirements, which outlines the specific steps and time lines in the Environmental Assessment process, and identifies the parties responsible for implementation.

## Reporting Requirements

The following reporting requirements have been established to assist OJP in monitoring program implementation:

- # Financial Status Report:** Financial status reports (SF 269-A) are due quarterly on the 45th day following the end of each calendar quarter. A report must be submitted every quarter the award is active even if there has been no financial activity during the reporting period. The final report is due 120 days after the end date of the award. The Office of the

Comptroller will provide a copy of this form in the initial award package.

Future awards and fund draw-downs may be withheld if the progress and financial status reports are delinquent.

- # **Single Audit Report:** Recipients who expend \$300,000 or more of federal funds during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with the U.S. General Accounting Office Government Auditing Standards. The audit report is due to the Federal Audit Clearinghouse within 9 months of the end of the recipient's fiscal year.
- # **Semi-Annual Progress Report:** Recipients of funding are required to submit a semi-annual progress report. The progress reports describe activities during the reporting period and the status or accomplishment of objectives as set forth in the approved application for funding. Progress reports must be submitted within 30 days after the end of the reporting periods that are January 1 through June 30 and July 1 through December 31 for the duration of the award. A final report, which provides a summary of progress toward achieving the goals and objectives of the award, significant results, and any products developed under the award, is due 120 days after the end date of the award.

issued thereunder, or other provisions of federal law;

- # Failure to make satisfactory progress toward the goals or strategies set forth in this application;
- # Failure to adhere to the grant requirements, standard conditions or special conditions;
- # Proposing or implementing substantial plan changes to the extent that, if originally submitted, the application would not have been selected for funding;
- # Failure to submit reports; or
- # Filing a false certification in this application or other report or document.

Before imposing sanctions, the Office of Justice Programs will provide reasonable notice to the grantee of its intent to impose sanctions and will attempt informally to resolve the problem. The hearing and appeal procedures are described in 28 CFR Part 18 of the Department of Justice regulations.

## **Suspension or Termination of Funding**

The Office of Justice Programs may suspend, in whole or in part, terminate funding for, or impose another sanction on a grantee for the following reasons:

- # Failure to comply substantially with the requirements or statutory objectives of the Violent Crime Control and Law Enforcement Act of 1994, as amended, program guidelines

### Program Narrative

## **CORRECTIONAL FACILITIES ON TRIBAL LANDS**

### **FY 2000 Program Narrative**

Please complete this questionnaire in as much detail as possible. This information will constitute the "Program Narrative" section of the application for funding; it is not necessary to complete an additional narrative and attach it to the application. This form is provided to each tribe as a WordPerfect file. It should be uploaded as an attachment to the online application.

If any information is not available at this time, please answer "Not Available" to the relevant question and describe any activity related to this topic that has occurred to date. If possible, provide a timeframe within which the requested information will become available.

Add additional space to the form as necessary.

**Technical Assistance is available to assist with the completion of this narrative. Please contact the Corrections Program Office Technical Assistance Line at (800) 848-6325 to request assistance.**

#### **Role of the Facility and Population to be Served**

2. Provide a brief description of the proposed facility in the context of the tribe's criminal justice system. What problems or conditions will the facility address? What purpose will it serve? What role will it fulfill in the tribe's criminal justice system? Please do not exceed the space provided.

3. In determining the size and design of a new facility or facility expansion, it is important to understand how the facility will be used and will coordinate with other options available to tribal law enforcement and the courts. If the facility will be used for detention and for sentenced offenders, it is important to look at the total number of individuals (adult and/or juvenile) who are arrested and convicted and determine which of the individuals were placed in the correctional facility or would have been, if one existed. You should start by looking at what currently happens to individuals who are arrested or convicted. To begin the process, please complete the Daily Case Record (found at the end of this section) for all target population cases entering the criminal justice system from May 15 through July 15, 2000.

Please summarize below the results of the Daily Case Record data collection. For **arrested** individuals, provide how many were placed in the jail/detention center; how many were taken to a federal, state or local facility; how many were released; and how many were handled in another manner. Do the same for those **convicted**, showing the number sentenced to the jail, placed on probation, fined, or given another type of sentence. Also show any individuals detained in an existing facility for a reason other than arrest or conviction. If the facility is intended for adults and juveniles, it is necessary to track both.

**Data Summarized for the Period: May 15 - July 15, 2000**

Target Population	Total	Disposition (What Happened to the Person)
Adult arrestees		
Adult sentenced offenders		
Juvenile arrestees		
Adjudicated juvenile offenders		
Adults detained for other reasons		
Juveniles detained for other reasons		

4. Please provide information on contract beds purchased during calendar year 1999:

Type of Placement	Number of Beds	Per Diem Cost	Total Dollar Amount	Provider

The following questions should be answered based on the data collected between May 15 and July 15, 2000.

- |   | Adult | Juvenile |
|---|-------|----------|
| 1. For sentenced offenders, what was the average length of sentence:                    | _____ | _____    |
| 2. What is the maximum time that on offender can be sentenced to the facility?          | _____ | _____    |
| 3. What was the maximum sentence recorded?  | _____ | _____    |
| 4. What is the maximum detention length of stay recorded?                               | _____ | _____    |
| 5. For all cases, what was the average length of stay in days?                          | _____ | _____    |
| 6. What was the average daily population in the current facility?                       | _____ | _____    |
| 7. Of the cases examined, what percentage of individuals were released/disposed within: |       |          |

24 hours	_____	%
72 hours	_____	%
1 week	_____	%
1 month	_____	%
2 months	_____	%
Not released	_____	%

Percentages should total 100 percent.

8. Describe as fully as possible any ways in which this data may not accurately reflect historical patterns of admission and length of stay in the tribe's system. Are there any obvious reasons for these differences, such as time of year?

9. Describe as fully as possible how availability of the proposed facility might influence the data collected. Would individuals be held who are not currently being held? Would length of stay increase?
10. Were any population projections done to determine the optimum size of a new facility? If so, please provide the projection numbers (by year) and a brief description of the method used.

---

### Existing Facility Population

If the tribe currently operates a facility for the target population, please provide the following information for every offender in the facility as of 5:00 p.m. on May 14, 2000.

- Gender
- Date of Birth
- Date of Admission/Booking
- Status (Detention or Sentenced)

## Instructions for Completion of the Application for Federal Assistance (SF 424)

The Application for Federal Assistance is a standard form used by most Federal agencies for applications for Federal assistance. This form contains 18 different items, all of which are to be completed before your application is reviewed. The Office of Justice Programs (OJP) cannot accept the application without a completed and signed SF 424.

- Item 1 Type of Submission:** Indicate if this is an application for a construction or non-construction program.
- Item 2 Date Submitted:** Indicate the date you sent the application to OJP. The "Application Identifier" is the number assigned by your jurisdiction, if any, to track applications. If your jurisdiction does not assign an identifier number, leave this space blank.
- Item 3 Date Received by State:** Leave blank. This block is completed by the State single point of contact, if applicable.
- Item 4 Date Received by Federal Agency:** This item will be completed by OJP.
- Item 5 Applicant Information:** The "Legal Name" is the unit of government or the parent organization. For example, the primary or parent organization of a law enforcement agency is the name of the city or township. Thus the city or township should be entered into the Legal Name box and the name of the law enforcement agency would be entered into the Organizational Unit box. One person should be designated as the Contact for the proposed project, and that person's telephone number should also be included. It is not unusual for the name of the contact person to differ from the authorized representative of your agency provided in Item 18.
- Item 6 Employer Identification Number:** Each employer receives an employer identification number from the Internal Revenue Service. Generally, this number can be easily obtained from your agency's accountant or comptroller.
- Item 7 Type of Applicant:** Enter the appropriate letter in this space. If the applicant is representing States organized as a regional compact, specify by checking Block N and entering "regional compact" and identify the participating States.
- Item 8 Type of Application:** Check either "new" or "continuation". Check new if this will be your first award for the purpose described in the application, even if the applicant has received prior awards for other purposes. Check "continuation", if the project will continue activities, including minor modifications, or implement the next phase of a project, that was begun under a prior award number.
- Item 9 Name of Federal Agency:** The awarding Federal agency for this program is the Office of Justice Programs.
- Item 10 Catalog of Federal Domestic Assistance Number:** Enter the five digit number from the Catalog of Federal Domestic Assistance which corresponds to the Federal program which is the source of funding for this project. The number for Correctional Facilities on Tribal Lands grants is 16.596.
- Item 11 Descriptive Title of Applicants Project:** In this space, please enter: (1) a descriptive title of the project to be implemented; (2) the name of the cognizant Federal agency, (this is generally the Federal agency from which the applicant agency receives the largest proportion of its Federal funds); and (3) applicant's fiscal year, i.e. twelve month audit period, (e.g., October 1 to September 30).
- Item 12 Areas Affected by Program:** Identify the geographic area(s) encompassed by the project. Indicate "Statewide" or "National", if applicable.
- Item 13 Proposed Project Dates:** Fill in the proposed beginning and end dates of the project.
- Item 14 Congressional Districts:** Fill in the number of the Congressional Districts in which the project will be located as well as the Congressional District(s) the project will serve. Indicate "Statewide", if applicable.
- Item 15 Estimated Funding:** In line "a," type in the amount of Federal funds requested. Indicate any other resources that will be available to the project and the source of those funds on lines "b-f," as appropriate.
- Item 16 State Executive Order 12372:** Some states (although, not all), require you to submit your application to a State "Single Point of Contact" (SPOC) to coordinate applications for Federal funds within the State. If your State requires a copy of your application, indicate the date this application was submitted. If a copy is not required, indicate the reason. The SPOC is not responsible for forwarding your application to the Federal funding agency.
- Item 17 Delinquent Federal Debt:** This question applies to the applicant organization. Categories of debt include delinquent audit disallowances, loans, and taxes.
- Item 18 Authorized Representative:** Type the name of the person legally authorized to enter into agreements on behalf of your agency. This signature on the original application must be signed in blue ink and/or stamped as "original" to help us distinguish the original from the photocopies.
